

When Playing Fraction Poker, you will need to record ALL equivalent fractions for each hand on the chart below. Using the points below (that are also listed on the screen), record the number of points you scored each hand. Record when you cashed out, and how many points you had when you did.

You get 2 points for one pair, 4 points for two pairs, 6 points for three of a kind, 18 points for a full house, and 40 points for 4 of a kind.

| Equivalent Fractions | Points | Cashed out/ Points |
|----------------------|--------|----------------------------|
| | | Y N Total Points: _____ |
| | | Y N Total Points: _____ |
| | | Y N Total Points: _____ |
| | | Y N Total Points: _____ |
| | | Y N Total Points: _____ |
| | | Y N Total Points: _____ |
| | | Y N Total Points: _____ |
